

# RS SOFT TEC

An assembly reinforced goat selective grain leather. This dressing combines ergonomics at work and hand protection even in difficult conditions.

LEICHTINDUSTRIE

goat selective grain leather making the glove nice and soft inside and smooth outside

the entirely trimmed with leather thumb provides full protection for your hand and extends the life of the glove by protecting the most vulnerable during working places on the glove

cotton comfort absorbs sweat and thus considerably improves comfort during long-term working

gloves' sizing allows you to choose the perfect size for your hand

the elasticsation at the glove end keeps the glove in a proper position on the wrist
